## ATLANTIC SHIPPING

### SUFFERS SEVERELY

Virginian Had a Very Hard Trip Through the Gulf.

Bulletin Special.  
St. John, N.B., Nov. 16.—A number of schooners were wrecked during the course of a gale which blew Thursday night and Friday. The schooner St. Bernard drifted ashore in Beaver harbor on the Bay of Fundy coast. She caught fire and was badly damaged in addition to being stove in from contact with the rocks. The crew escaped. The coasting schooner Maybell was badly buffeted, lost fittings and part of a cargo of deals. The schooner Silver Wave was driven ashore near Musquash and is a total loss. The Besse G. is also reported ashore along the Bay coast. The schooner Wool Brothers is ashore on Spencer Island and badly damaged.

### THE TROUBLE IN CAPE COLONY.

Cape Town, Nov. 15.—Following is the story of the present raid of Boers in these colonies:  
Several Boers entered the north-western part of Cape Colony a few days ago and surprised a police camp in the vicinity of Wilkop.  
Two troopers were wounded and a corporal captured.  
Led by a man named Ferreira, the invaders marched to Modder, gaining some recruits through a story that an uprising in the Transvaal was imminent.

The colonial government has adopted strict measures to end the disorder. Advice from the northwestern part of Cape Colony agree that the situation is decidedly grave, and that the natives who have never been in sympathy with the British plan of government are flocking to the standard of a rebel chieftain called Ferreira.  
It is looked out on the northwestern part in the initial fighting at Wilkop police Boers surprised the British police in camp and drove off the local troopers. After wounding two of them, and taking the officer in command prisoner, the rebels managed to secure much camp equipment and a large number of ammunition.

Sunday they attacked a camp of loyalists at Uppington, and here fighting followed that lasted two hours, when the police, finding themselves outnumbered, fled, carrying with them a large number of arms. Whether or not, loss was inflicted on the attacking party is not yet known.  
Ferreira with his force, which is being augmented hourly by men, is now in camp on a farm near Uppington, and is reported to be commanding a force of about 100 men.  
Three flying columns of colonial troops and police, in whose ranks are numbered many veterans of the Boer army, who have taken the oath of allegiance, are now marching to engage the rebels, and hard fighting is believed to be imminent.

It is conceded here that the loyal forces will have their work cut out for them in putting down the rebellion. For many months past the British South Africa force toward them, and many have declared their intention of leaving British possessions and trying their luck in other parts of Africa.

Should the present uprising gain a few initial successes, it is a certainty that the discontented from all over the British South Africa will gather to aid Ferreira, and if the latter can arm and equip all who come to him, he will soon have a decidedly formidable force on hand, which will necessitate the British sending regular troops into the field to oppose him.

The government officials here are holding frequent conferences and are hurrying all available men to the scene to aid in demolishing the rebel column.

### VEGREVILLE FIRE.

Vegreville, Nov. 17.—A fire here this morning destroyed the buildings occupied by Mah Don as a laundry. The building and contents was completely consumed; loss about five hundred dollars.

## AFTER MR. JAMES HILL

### BUT HE IS MISSING

President of the Great Northern is Wanted in St. Paul.

Bulletin Special.  
St. Paul, Minn., Nov. 16.—James J. Hill, president of the Great Northern railway, who is being searched for by a deputy sheriff, if with a view of serving a summons upon him to appear at the railroad rate hearing before the state railway commission cannot be located. Attorney James Mahanah, at whose instance the subpoena was issued, has received notice that Attorney-General Young would take charge of the rate hearings on November 26th. Mahanah thinks this is a ruse on the part of the commission to prevent Hill being asked certain questions as to the earnings of the Great Northern. Mahanah thinks the whole procedure on the part of the commission is very strange, and stated today that he would fight the matter out in the courts if need be.

### SOCIAL.

Mrs. Charles May entertained a few friends at an enjoyable card party last night. The prizes were won by Miss Pryne and Mr. Babbitt.  
Mrs. R. W. Day has now quite recovered from the painful strain of her foot, received some months ago, and is about again and warmly appreciative of the assiduous kindness of Edmonton friends during her prolonged stay in the house.

What has been described as the most enjoyable ball known in Edmonton for many years was given last week in the opera house of that city by Mrs. Cumberland, Mrs. Ramsay, Mrs. McDonald and Mrs. Christie to introduce to society four debutantes, the daughters of the hostesses named.  
At Leithbridge last week there took place the marriage of Miss Etta Maude Whitney, only daughter of Mr. and Mrs. D. J. Whitney, and Mr. W. E. Buchen, of the Hudson's Bay company, Winnipeg. Rev. Charles McKillop, of Raymond, officiated.

Mrs. DeWolfe Macdonald entertained a number of young friends of her daughter, Miss Joan, at a merry party for not-outs last evening. Mrs. Charles and Mrs. Bonn assisted the hostess in providing for the pleasure of the young people. A partial list of the numerous guests follows: Miss Myra Campbell, Marjorie Beck, Aloysia McKinney, Emily Bonn, Marjorie Saunders, Gerald O'Connor, Charles Wilson, Joe Wallbridge, C. McKinney, S. McKinney, J. Taylor, Larry Jellett.

### Hudson's Bay Packet

The Hudson's Bay packet for all points north as far as Fort Resolution on Great Slave Lake will leave Edmonton on Thursday, Nov. 29th, carrying letters and orders for all the posts between here and there. The winter mail which goes right through to Fort McPherson will leave here on February 7th.

LOST—A GOLD BROOCH WITH raised monogram. Initials "E.A.C." Finder kindly leave at Bulletin office.

## Misty Vision

comes with advancing years, but can be cleared away by our properly fitting glasses.

Mrs. Meadows  
129 Jasper Ave.

## THE TROY LAUNDRY

### HAD NARROW ESCAPE

Fire Originated To-Day by Explosion of Gasoline Tank.

Fire broke out this morning about 10:30 in the Troy Steam Laundry, below the hill on Sixth street. The fire originated from a gasoline tank and caused considerable damage to the coverings and belting of the rolling machines. Twenty-four persons were at work in the building when the fire occurred, many of them girls and women, who made every effort to save the clothes. A large quantity of laundered clothes were ready for delivery. These were all carried out and will be delivered today. A large number of barbers and grocers' white coats, which were being laundered on the machines near the gasoline tank were destroyed.

Mr. G. H. Thomas, the manager, was in the office when he heard a small explosion and looked out to find the cause. To his surprise the flames from the tank shot up the post and set the ceiling ablaze. He tried to smother the flames with pails of water, but the smoke and fumes drove him back. Mr. Carman, who is visiting Mr. Thomas, quickly got the nose in operation and was by the means able to get the blaze under control. Meanwhile the fire brigade were hurrying to the scene of the fire, and a few drenches from the big hose quenched every vestige of fire.

The gasoline tank is a small one, and only two quarts are put in at one time. The cause of the explosion is not known. The gasoline is used for heating the iron cylinders for giving the final gloss to the linen. The rarefied gasoline is blown by means of an electric fan through tubes in the cylinders.

Mr. Thomas says it will be nearly a week before he has the necessary repairs made to continue work.  
The Troy Laundry was established nine weeks ago. Mr. Thomas came to Edmonton last April and has been engaged all summer in building and installing the laundry works, which are thoroughly modern and up-to-date.

### OTTAWA VOTE

Ottawa, Nov. 16.—Judge Dougherty of the superior court of Montreal has resigned. His resignation was received at the Justice Department this morning.  
At today's cabinet meeting an order in council was passed commencing the death sentence passed upon V. Maglar the young man who killed Farmer Campbell in East Assiniboia to imprisonment for life. Maglar was to be hanged on Nov. 29th. Maglar and Campbell had a dispute over wages said to be due the former with the result that Maglar shot and killed the farmer.

The Edmonton, Dunvegan and British Columbia Railway Company will apply next session for incorporation. After that will run from Dunvegan and on to British Columbia.  
An application will be made next session for an act extending the time for commencement of the works authorized to be constructed by the Athabasca Railway Company for another term of two years and to extend the power of the company to build a railway from a point near Fort McMurray northerly to Fort Smith on Slave Lake.

## Ontario Apples

Why buy inferior Apples when you can get the best at the same price.

Call and see them and be convinced.

ALL FRUIT GUARANTEED AT HALLIER & ALDRIDGE, Fruiterers and Confectioners.

## GILBERT FOUND GUILTY

### SENTENCED TO HANG

Jury Found Him Guilty of Murder of Barrett Henderson.

Bulletin Special.  
Regina, Sask., Nov. 16.—At three minutes past eight this evening the four days' battle for the life of Josiah Gilbert, came to a dramatic close when the jury which had been out when three hours, returned and the foreman presented a verdict of "guilty." Norman MacKenzie, counsel for the defence asked leave of His Lordship to make an appeal regarding the advisability of certain evidence to the court en banc which will sit shortly in Calgary. This was granted. Judge Newlands then addressed the prisoner asking whether he had anything to say why sentence should not be passed on him. "I think I am quite innocent of the crime" was the sole reply. After pointing out to the prisoner that everything had been done in his defense that could be done and that Mr. Cane for the Crown had been perfectly clear and fair, His Lordship sentenced him to be hanged in Regina on January 18th.

The old man had to be brought forward from the dock to a position under the bench in order that he might catch the words.

### MADE FAST TIME.

Montreal, Que. Nov. 16.—The overseas limited carrying the China mail arrived here this afternoon at 3:30 o'clock having made the third trip across the continent, the actual running time between Vancouver and Quebec 3080 miles being 79 hours 50 minutes. The train left Vancouver at 9:40 Monday having been delayed 9 hours and 40 minutes owing to the non-arrival of the Empress of China which had encountered rough weather and then was further delayed six hours in the mountains, but notwithstanding, this great handicap Quebec was reached 21 minutes ahead of schedule. There were several notable runs on the different divisions. The run over the four ranges of the mountains was made at the rate of over 28 miles an hour and across 340 miles of prairie between Calgary and Winnipeg at the rate of 46 miles an hour. Between Winnipeg and Ft. William when the running was impeded by the work of double tracking 42 an hour was attained and the run from Coast to coast was made at the rate of over 38 miles an hour. For a long distance run of over 3000 miles is creditable.

## IN BEDROOM FURNITURE

WE LEAD.

During the last few months we have been making selections of most artistic designs in Bedroom furniture, and now claim that we have the finest assortment this side of Toronto—magnificent creations in Quartered oak, Bird-Eye Maple, and genuine Mahogany, one specially well suited in mahogany, inlaid with brass; most important to those who wish to practice economy, is the fact that these goods are priced for a quick turnover. Come early and see your choice of this fine line.

### PUGILIST KILLED.

Bulletin Special.  
Grand Rapids, Mich., Nov. 17—Mike Ward, of Sarnia, who was injured in a prize fight here on Thursday died tonight from his injuries. Harry Lewis, his opponent and the seconds Frank O'Brien together with referee Eddie Ryan, have been placed under arrest.

### MAROONED.

Bulletin Special.  
Portland, Ore. Nov. 17—The report received here last night that the forty or more persons who were marooned on an island at the junction of the Cowlitz and the Columbia river, has been rescued by the steamer Burton sent from Portland for the purpose proves untrue. The Burton was unable to approach the island on account of the powerful rush of the waters and the presence of fog and drift. The steamer Sarah Dixon has gone to the scene and will attempt the rescue. Owing to the fact that the Cowlitz has about reached the limits of the flood it is believed that they will be saved.

### EARLIER NEXT YEAR.

Bulletin Special.  
Winnipeg, Nov. 17—The exhibition board has changed the date of the opening to July 13th one week earlier than last year.

### WILL SUPPORT ASHDOWN.

Winnipeg, Nov. 17—The citizens committee met last night to attempt to nominate a slate for the approaching municipal elections. It having been found impossible to induce the desired men to run for the board of control, it was decided to drop the scheme and devote every energy to the election of J. H. Ashdown for mayor.

—A meeting of the shareholders of the baseball club, and all others interested in the game are invited to a meeting at the Windsor Hotel, Monday Nov. 19th at 8 p.m. "Deacon" White will be present and report upon the Letbridge and Medicine Hat meetings.

**FROM DAY TO DAY****THE LOCAL SUPER.**

The story is told of a stage supernumary engaged by a dramatic company in an Indiana town.

After the performance the manager was standing by the stage door as the local supers passed out. One of them was eagerly approached by a townsman, who seemed to be waiting his appearance.

"Hello Town" said he to his friend, whose appearance on the stage that night had evidently been his first.

"How do you like to play-act?"

"It's just great" was the Hoosier's enthusiastic reply.

"But wa'n't you scared most to death?" asked the other.

"Not after a little bit" drawled the one-performance actor, with some pride, "but at first, when I found myself standin' near that long row of lights at the front of the pulpit, I just felt as if I should fall over the dashboard."

**A RECIPÉ.**

Lemon Custard Pie. One cup sugar, two tablespoons flour and a pinch of salt. Mix. Add to this the juice a sugared yellow rind of one large or two small lemons. Beat lightly the yolks of two eggs and add one cup of rich milk. Thoroughly mix, bake in a rich crust and frost with the beaten whites of eggs with four tablespoons sugar added. Place in a hot oven and brown.

**A WOMAN'S CHARITY.**

Rumor in New York has it now that the world will have an instance of what a woman considers the wisest method of utilizing an immense fortune for the good of her fellowmen. It will be remembered that Russell Sage, in dying last summer left his wife the bulk of a fortune of about \$80,000,000. Mrs. Sage is not going to endow churches or establish libraries, it is said, but will give money directly to individuals whom she considers needy and worthy. Begging letters are not to be heeded. Mrs. Sage has certainly mapped out a Herculean task for herself, if rumor be true. It would be a very womanlike method of distributing her wealth, however, bringing direct and speedy evidence of benefit and appreciation.

**WHEN WOMAN WILL.**

A fine story of woman's endeavor has just come from Chicago concerning the Swedish girls who lived for a time in Canada.

Olga and Klara Dahl were born and lived until 18 months ago in Osterlund, a quaint town nestling close to the shore of Stor lake in northern Sweden. Both girls had attended the high schools in the little town. They had visited the great galleries in Germany and began to dream of art.

The younger sister wanted to become a painter and Olga was fired by the marbles and bronzes she beheld. "They are not for us to make," declared the father. "We must look only."

But the daughters grew strong in their desire to create these beautiful things. They began to practice, but

—Col. Evans, commanding Military District No. 10, headquarters at Winnipeg has acknowledged the tests of non-commissioned officers and men desirous of forming an infantry regiment in Edmonton. Writing to Col. E. B. Edwards he says "It has given me much pleasure to forward the list to headquarters, strongly recommended and should the regiment be authorized it will prove a valuable addition to the military strength under my command."

—Ratepayers of the east end will hold a meeting in Agor's new hardware store on Namayo avenue, near Boyle street, on Monday evening, November 19th. The meeting is called for the purpose of discussing the municipal situation and agreeing upon candidates to adequately represent the east end in the city council. Among those whose names are mentioned are Dr. McCauley, Cameron, Paul Rudyk, Thomas Daly and Mr. Koerman of the German Herald.

—At the Thistle Rink this evening the Rosolan Opera Company will present Leog's Merry Tunesful Comic Opera Gerolde-Gerolde, with a strong cast including Miss Nola as Gerolde, Mr. Walters, Marasquin, Mr. Plavelli, Don Bolero, Miss Godfrey, Aurora, Mr. Dewey, Mourzonk, Miss Crowley Paquita, Miss Palmer Pedro, Elaborate preparations are being made for the big double bill Monday evening Cavalleria Rusticana and Pinaflore.

—The executive committee of the house to house visitation scheme met last night with Rev. A. M. McDougall as chairman and T. B. R. Henderson as secretary. There were present Rev. Dr. McQueen, J. D. Blayney, A. Butchart and Col. E. B. Edwards. The report of the district committee, worker's committee and publicity committee were received and adopted. The dates were fixed for taking the church census for the afternoons of Friday, Nov. 30th and Saturday, Dec. 1st. Meetings of all those who constitute the visitors will be held on Wednesday, Nov. 21st at 9 p.m. in Grace Methodist church and in First Presbyterian church for the purpose of giving information and instruction as to the mode of taking the census. Everyone interested is expected to attend either of these meetings.

Rev. Mr. McDonald will preside at the First Presbyterian and Mr. A. Butchart at Grace Church. It is expected that the pastors of the various churches will make announcements on Sunday morning next.

They were unable to find work enough to support them while they studied. It was then that the idea came to America where money was so plenty was formed. They secured the consent of their parents and departed for Canada.

They went at once to Winnipeg, where they had been told there was plenty. They thought they could sell pictures enough to pay for their studies. They worked in a little studio they had made in their rooms until their money was spent. Then they went to work in the daytime in houses and hotels so they might live. At night they worked and studied in their little studio.

Winnipeg is not an art centre, the girls soon discovered. Artists were not wanted. Plenty of employment was to be had doing housework, but no one wanted paintings. There was not an artist there who could give them instructions and their dreams began to fade. Klara was impressionable and the daily struggle made her ill. One evening Olga on returning home, found her sister dying beside her painting. The girl told how she could not struggle longer against rebuffs and indifference. She had given up the fight.

After burying her young sister in Winnipeg, Olga gathered up the painting and went to St. Paul. Here she was unsuccessful, and could secure only a domestic's employment. Last July she went to Evanston, and as she could not speak English to any extent, could make her living only by doing housework.

It was here she determined to carve a memorial to her sister and send it to Winnipeg to be placed on the grave.

**SEEING WELL AND SEEING EASILY**

It is more important to see easily than to see well.

Good sight may be obtained by wearing perfect glasses, which relieve all eye defects.

By four independent tests we exactly measure eye defects, and prescribe perfect glasses, which relieve all eye defects.

Over 1500 people in this district wear our glasses, and every one of them is a living guarantee for us.

## THE COUNCIL AND THE STREET RAILWAY PROPOSITION.

There is recognized a general tendency among municipal councils when nearing the end of the year to "lay over" for their successors all matters not demanding immediate attention, particularly large civic enterprises involving the expenditure of large amounts of money. At this season, the view frequently prevails among the aldermen that they are holding by virtue of necessity a tentative authority in some way less than that enjoyed by them earlier in year and that to undertake a large enterprise involving a heavy expenditure would savor of something akin to presumption as well as binding their successors to undertake a project not of their origination, with which they might not be altogether familiar and of which they might not approve. Whatever weight should be ordinarily attached to this view it appears to us that the present council might well set it aside and take definite action on the street railway problem. The position is that the council has already decided to pave a considerable stretch of the business streets and has given orders for the materials. It has been taken as a matter of course by both the council and the public that a double track permanent car line would be laid on the paved streets and that for the sake of economy and to avoid tearing up the pavement in future the tracks should be put down when the paving is being laid. To do so it is necessary that the rails, ties, wires, posts and other materials necessary for laying the track be on hand when the work of laying the pavement begins. Some of these materials, particularly the heavy rails, cannot, it is understood be procured unless ordered considerably in advance and as it is proposed to begin paving as early as practicable in the spring it would appear wise to get in the orders for these supplies without delay.

More than this, to operate a car system such as proposed, another large dynamo and engine will have to be installed in the power house. The load on the present apparatus leaves a reserve but not sufficient for this purpose and in any event the increased demand for lights and power during the coming year will probably exhaust the present surplus. The demand for electrical machinery in Canada is growing very rapidly and it may also be found necessary to order the dynamo considerably in advance. However, this may be the machine is a large one and its shipment and installation will take considerable time. Yet it should be installed and ready to produce the power when the power is required.

To order these appliances would be, of course to really undertake the construction of the street car system but in undertaking the paving proposition the council has already practically decided this question also. The two propositions have been regularly regarded as of such nature that they should be undertaken simultaneously, and of the two the car line rather than the pavement has been considered of most importance. If therefore the time has come to lay the pavement the time must also be ripe for constructing the car line.

That the car system is a large undertaking and involves a large expenditure is unquestionably true but if the council is justified in undertaking the pavement from which no revenue can be derived it surely is as well justified in undertaking the car line from which a revenue is expected.

Contrary to the usual line of reasoning the fact that the council is nearing the end of its term is a reason why the materials for the car line should be ordered, rather than a reason why this should be postponed. The new council must include five newly elected aldermen and a new mayor. None of the retiring aldermen will again be candidates for aldermanic honors. In any event therefore the council must include a majority of aldermen who have not sat in the council during the present year and who are therefore presumably less familiar with the street railway proposition than the present body. If the matter were left open therefore these gentlemen would be in the position of having either to rely on the recommendation of the present council and order the materials or to delay the project until they had time to familiarize themselves with the question. In the latter event they would also be practically forced to

suspend the paving until they had reached a decision on the street railway project. This is a situation in which it would scarcely be fair to place the new aldermen and in which it does not appear desirable from the public standpoint that they should be placed. Having laid on their successors the duty of executing the paving scheme it would appear reasonable that the present council should also complete the problem they have taken up by leaving to those who succeed them a definite project for the street railway system.

## CURRENT COMMENT

Standard Oil magnates are not usually supposed to be of a retiring disposition and averse to showing themselves in public. On the contrary, they have won a reputation for being on hand when anything was going on and offence has been found in their ostentatious self-assertion rather than their modest avoidance of the public. Not so in Ohio at present, however. There detectives are trying to locate the indicted officials of the company, and so far without success. A search of their respective residences failed to disclose the gentlemen. This is surely unusual and if no more is accomplished the Ohioans will have had the satisfaction of freeing themselves temporarily from the open and unabashed impudence of the monopolists. If the indictments could be made perpetual or repeated frequently enough to make this absence continuous, the people of the Buck-eye state would doubtless be correspondingly gratified. Meantime, that the officials have made themselves scarce is a pretty good indication of how much they relish the legal inquiry into their doings and by the same sign is a pretty good reason why the people of Ohio should insist on the courts continuing the good work.

An Ottawa despatch announces it to be the opinion of the Manitoba authorities that the interests of that province regarding the unorganized territory will be "sacrificed" to the provinces of Ontario and Saskatchewan. That this is no more room to doubt than the fact that there is no good reason to suppose that Manitoba's interests will be "sacrificed" to anybody. Premier Roblin belongs to the class of self-sufficient persons who do not require the operation of reason either in the formation or maintenance of their opinions—always provided such opinions offer political profit. There has been no indication given of even a desire to curtail Manitoba's claims to suit the claims of Ontario and Saskatchewan and were Premier Roblin differently constructed it might occur to him that to impute partiality to one's parents without cause is not the best way of securing impartial distribution of the family inheritance. That Premier Roblin pre-judges the intention of the Federal government looks very much as though he was more concerned in raising a quarrel with the Dominion than in securing an equitable distribution of the hinterland.

Thursday's storm left several inches of the beautiful on the sidewalks and as no general attempt was made to clear them the traditional "cave-path" soon became the only right of way for pedestrians in the residential districts. If the weather of the past week is a foretaste we may expect an oldtime "eastern" winter with abundance of snow and the city commissioners might very well formulate a scheme for having the walks cleared after each storm. In many cities the plan is adopted of making each property owner responsible for clearing the walks in front of his property, and failing his voluntary attention to the matter the city does the work and charges it against the property. The system is cumbersome, fraught with possibilities of annoyance and dissatisfaction and frequently the walks remain piled deep in snow until the intention of the owner to do or neglect his duty becomes apparent. A simpler and more certain method would be to turn out a few men with horses and improvised "snow ploughs" one of which has for several years been operated occasionally on Fraser avenue and other streets in the vicinity. Rightly managed this plan should be cheaper, too, as one man with a horse and plough will clear several miles of walks in a day. While it might not be practicable to extend the service to every street in the city it is practicable and would probably be found very satisfactory to adopt it with regard to the main avenues leading from residential to business sections.

## SPENT A FORTUNE.

Bulletin Special.  
Albany, N.Y., Nov. 17.—William Randolph Hearst, Independence league and Democratic candidate for Governor today certified to the secretary of state that he had spent \$256,370.22 in promoting his canvass. This was divided as follows, Independence league \$108,870.22; Democratic state committee \$57,000; traveling expenses \$500.

Strathcona, Nov. 16.—Who will be the new mayor of Strathcona? is the question that most frequently meets one on the streets during the past few days. And as the time of nomination, on Monday, December 3rd, draws near, the interest is daily growing and many names are mentioned as prospective candidates for the position of chief magistrate of the town.

Among those who have been spoken of most prominently are the present mayor, Mr. W. H. Sheppard, Councillor James M. Douglas, N. D. Mills, Councillor A. H. Richards, Mr. O. Bush, president of the board of trade, and Mr. J. J. Dougan.

To the Bulletin this morning Mr. Bush stated that he had been urged for some time past to offer himself as a candidate but had definitely decided not to enter the contest. In his opinion, with the large public works that are now in progress it would be a mistake not to elect the old mayor or one of the present council board as municipal experience is required for the large undertakings now in hand.

Mr. Douglas was emphatic in his statement. "No, sir," he said, "I will neither be a candidate again for mayor or for councillor." Mr. Douglas has given much valuable time to municipal affairs and feels that he cannot afford further at present.

Mr. Mills has been urged for the past month to enter the field by a large number who have promised him their support. "If I felt that I could bring to the municipal affairs the ability in administration that they deserve I would consent to the solicitation of my friends," he said, "and become a candidate." Mr. Mills realizes that the office would greatly tax his time and also feels that the mayor should be in thorough sympathy with the councillors, therefore, those who will offer as candidates for councillors.

Mr. Dougan was not to be found at his office this forenoon, but it is understood that he is giving consideration to the solicitation of his friends. Mayor Sheppard, when spoken to, preferred not to speak definitely as yet. He was being urged to run by numerous electors but had not yet reached a decision.

Mr. Richards has as yet made no definite statement but many friends are pressing him to offer himself as a candidate.

The retiring councillors are Messrs. Douglas, Cowles and Richards. A large number of names have been mentioned as prospective aldermen and the next few days will in all probability bring out quite a number of candidates.

## MUNDARE

Correspondence.  
Mundare presents a scene of activity equalled by no other town on the Canadian Northern railway. Two grain buyers are on the ground and the farmers are taking advantage of the opportunity to dispose of their crops which were unusually heavy this year in this district. Over two hundred loads of grain were sold here yesterday and the Main street of Mundare presented a very animated scene as the farmers, after unloading at the track, returned up town to do their shopping, etc. We think that according to population the amount of building in Mundare this year exceeds that of any other town or even city in Canada. This may appear a very exaggerated statement, but when one stops to consider that about three months ago Mundare consisted of one building and two people, and now has fifteen or more good substantial buildings on the town site and a population in the neighborhood of one hundred, we feel satisfied that anyone attempting to prove Mundare at any place but at the head of the list will have to sharpen his pencil and do some close figuring.

## Diamond Dyes

Will Color Anything Any Color  
There are no mysteries about the use and making of DIAMOND DYES. The directions given on each package are so concise and simple that the dyeing of a dress, costume, blouse, jacket or suit of clothes is made easy and pleasant work.  
We are aware of the fact that some ladies are badly disappointed after a trial of dyeing work. The reason is obvious; they unfortunately have used some make of worthless dyes foolishly sold to them by some unscrupulous dealer.  
A child that can read can dye any article successfully with DIAMOND DYES. These world-famed dyes are put up by experienced chemists, which accounts for their uniformity in quality, strength and brilliancy. When you buy DIAMOND DYES you get the world's best dye.  
Send to Wells & Richardson Co., Limited, 269 Mountain Street, Montreal, P. Q., for valuable Dye Book and Card of Colored Samples, free to any address.

## WOLSEY

Pure Wool Underwear

Soft, durable and elastic, will not felt, harden nor shrink. The ideal underwear for Canada's climate. It assures comfort, protects your health and keeps you warm whatever the temperature may be.  
Look for the Tab on each Garment.  
It is the guarantee that the goods are unshrinkable.

The scarcity of water this year has caused the threshers considerable trouble and the "public" springs at Poplar Lake have been besieged daily by water tanks.  
During the busiest part of the season some person, or persons, with a keen sense of humor(?) placed a padlock on the cover of the largest well, and much delay was caused on the day this joke was perpetrated. The well cover had to be demolished with an ax before water could be obtained.  
We direct the attention of the road commissioners to the road running south from Coronation school to the Fort Saskatchewan trail which has been closed during the summer, causing considerable inconvenience to persons using the road. We understand that a petition, asking for the removal of the obstruction, is to be circulated.

The proprietors of the half way house hotel, have recently disposed of the same to Mr. McKinnon of B. C.  
Mr. Vizia has completed his brick veneered residence, which is undoubtedly the most elegant and commodious dwelling in the neighborhood, Mr. Vizia has the best equipped stables and farm buildings to be seen in this district.  
Miss Vizia, who has been attending school at the convent at St. Albert, has contracted typhoid fever.  
The new residence of Mr. Frank McLay is now completed. He is at present having the outside of the structure painted.  
Mr. Robert Hopkinson, is putting a brick cellar under his house. This edifice, standing with a windmill and other buildings on the summit of the Horae Hill, and backed by thick clumps of trees, forms one of the most picturesque dwellings to be seen in the settlement.  
Messrs. Bellgrate and Pullington are erecting a structure for raising poultry. Since the Government has taken up the poultry raising question, the farmers in this district have been stimulated to greater efforts than ever in this direction.  
Mr. Fred McLay has recently acquired a chipping mill. These machines appear to be getting fairly numerous in the district and farmers will welcome competition in this matter.  
Mr. Stahon has finished threshing and has removed to his homestead at St. Paul.  
Mr. Ashley, who has been conducting Sunday services in the schoolroom, preached his farewell sermon on Sunday, 11th inst., the vacancy caused by day, 11th inst. The vacancy caused by the Rev. Mr. Gourlay.  
Mr. C. Corbett, who has been seriously ill with typhoid fever, is now convalescing.

Among the new arrivals in Mundare are the wives and families of Mr. J. H. and Mr. Milne, our hardware dealers. Both Mrs. J. H. and Mrs. A. Milne came direct from Syracuse, N.Y., and although living in a brand new western town is quite a unique experience for them, they express themselves as being very happy and pleased with their new surroundings.

The newest acquisition to Mundare and one of the most valuable in the town and surrounding country is the station agent. The station has been made ready for occupancy and we are informed from the most reliable source that the agent will be along in a few days.

With the completion of Murray Bros' and J. H. McAllister's stores, Mundare now has five first class general stores, all apparently doing a rushing business.

Mundare real estate is moving very rapidly and prices are constantly advancing. The agent for town lots reports several large sales this week.

Mr. W. A. S. Colter, western townsite manager for the C. N. R., spent a few hours in town this week and advises that an addition of eleven new blocks will be put on the market very shortly at prices which will be low enough to warrant a very strong advance in the near future.

E. N. Walker, of Fort Saskatchewan, has established a hay baling plant here. We have two passenger trains each way every day.

## HORSE HILLS

Correspondence.  
The winter has arrived in this district with some severity, snow commencing to fall on November 1. The ground is covered to the depth of several inches, and sleighing has become general.

Threshing is now over for this season; a remarkable feature has been the large number of threshing outfits competing in the neighborhood. The winter weather has been responsible for many delays and breakdowns have been of frequent occurrence among the machines.

Messrs. Moenly have purchased the entire threshing outfit, lately owned by Messrs. Roberts of Vegreville, and intend to run a grain chipping mill during the coming winter.

## SPECIAL

We offer Lot 25 R. L. 6 with Buildings for \$14,000. This property of 50 feet frontage on Rice Street adjoins the Massey-Harris corner immediately behind the Merchants' Bank. It is 150 feet east of First Street.

For Terms Apply to  
**McIntosh & Chauvin,**  
P.O. BOX 240. NORWOOD BLOCK.

## Claims Coal Prices

## Not Too High

F. P. Hobson, manager of the May's coal company and lessee of three of the largest coal producers at Clover Bar, when seen today regarding the coal companies agreement said that there was a misapprehension in the public mind about the coal business.

He states that the coal men are not making any money at the present time and that it is altogether wrong to suppose that the coal miners have formed a combine for the purpose of forcing up prices. There is no money to be made in the coal business at \$100 a ton and a raise was absolutely necessary in order to keep open the mines.

Mr. Hobson is lessee of the Humberstone, the Bush and the Lindsay & Daly mines at Clover Bar. Last winter he paid 90 cents a ton for having the coal mined and placed in the wagons. This year it cost \$1.75 for the same service. There are no reasons for this, first that wages have gone up all around and second, because the mines can no longer be worked with laborers, but miners must be employed. They then pay \$1.50 a ton to have the coal hauled to town, leaving a margin of \$1.25 at the advanced price prevailing that an immediate sale can be had so that the coal is delivered direct to the consumer who brings it to town. In case, however, that the coal had to be stored it would cost 50 or 60 cents for reloading and delivery. Office expenses, royalty, incidentals and interest on the money invested must be had out of what is left from the \$1.25 after the season's deductions for the second deliveries that have been necessary are made.

Mr. Hobson's company has contracted with the Gillespie Mine at Morville for 10,000 tons to be delivered at the C.N.R. station, but owing to the long and short haul arrangements in force on the C.N.R. as on all other railroads, this coal cannot be sold in Edmonton at all, but must be shipped right through to Manitoba and Saskatchewan points.

## MUSICAL TRAVESTY

Zinn's Merry Musical Travesty Company which appears at the Edmonton Open House all next week comes well recommended. The Spokane "Spokane Review" of a recent date says:— "Columbia—'Tezy-Wezy' the musical comedy which opened up at the Columbia Theatre last evening, pleased a large audience. There is no semblance of plot to 'Tezy-Wezy.' It is just froth, intended to amuse, and it is admirably suited for the purpose. The chief part of the funmaking falls to the lot of J. W. Clifford and Gus Mortimer, two German merchants of Hoboken, who are on a pleasure trip to Coney Island. Their tangled language expressions and apt local shafts caught the fancy of the audience, their work being liberally applauded. Horace Mann, in the triple role of an amateur detective, a sailor, and a sailor, showed great versatility, and his singing was of the kind that pleases. Miss Francis Grey as Maud Wile; Cad Franks, as Mrs. Kitz; and Sallie Atneley, as Mrs. Schmalz, did excellent work. Miss Grey has a pleasing voice and her leading of the chorus was an enjoyable feature of the performance. Cad Franks made a distinct hit with her bass song. The toe dancing of Jessie Brown is a strong feature. Mildred Baily, as Miss High Nose, captured the audience with her song, 'I'm a Poor Chippy maid.' The 'sweet sixteen' dancing girls are deserving of the name the entire chorus being well dressed, well drilled and possessed of good voices.

'Tezy-Wezy' will be the first comedy presented here.

## YOUNG MEN'S CLUB

The first meeting of the Methodist Church Young Men's Club was held last night and although the weather was not inviting, seemed in the lecture room of the church. The first part of the evening was taken up with piano selections by Mr. Mays and Mr. Tucker, banjo selection by Mr. Luck, and a vocal solo by Dr. Nichols.

During the evening Mr. Huestis outlined briefly the objects of the club, the meetings of which will be held every Thursday night. The first meeting of each month will be taken up with talks by capable men on the subject of 'Manhood.' The second meeting will be of a social nature, including program and refreshments. To every second meeting of this nature the ladies will be invited. The third meeting will be literary, encouraging debates, etc. The fourth meeting will be free and easy, every member taking some part.

## FRENCH LESSONS.

A young man with a good knowledge of the French and English languages will teach French to those wishing to learn this very useful language. For further particulars apply to No. 706 6th street west, north of Jasper, from 9:30 to 11:30 a.m.; 1:30 to 3:30 p.m., and 7 to 9 in the evening.

## ...NOTICE...

NOTICE IS HEREBY GIVEN that application will be made to the Parliament of Canada, at the next session thereof, for an act to incorporate a company to be called 'The Saskatchewan Valley and Hudson's Bay Railway company', with power to construct a railway from the city of Edmonton Northerly and Easterly following the north bank of the North Saskatchewan River to a point at or near Smoky Lake; thence either Easterly following the general direction of the said North Saskatchewan River on the North bank thereof to a point at or near Prince Albert; thence North Easterly to a point at or near Pelican Lake or continuing Northerly to a point South of Ile La Crosse Lake; thence Easterly to a point at or near Pelican Lake and from a point at or near Pelican Lake to Port Churchill on the Hudson's Bay.

DATED at Edmonton, Alberta, this 16th day of September 1906.  
SHORT, CROSS & BIGGAR,  
Advocates for the Applicant.

### THE LORDS AND COMMONS.

New York, Nov. 17.—In a special cable from London to-day the New York Herald has the following: British politics of late years have been very humdrum in their character, but there is at the present time a quarrel between the House of Peers and Commons which promises to be very lively and fierce. The House of Lords is just now mulling about the education bill in such a way that the ministers are being left with but two alternatives. They must either drop the bill or resign. They do not want to adopt the latter expedient because they might return from their constituency with a much reduced majority, and it is very well known that they want to introduce a home rule bill for Ireland at the next session. Now, it goes without saying that the peers will reject any measure proposing to give home rule to Ireland, and then will begin a fierce agitation against the upper chamber, not for amending it but for abolishing it.

There are henchmen of the prime minister, Sir Henry Campbell-Bannerman, who state in private that it is distinctly understood as an essential part of the radical programme that the rejection of the home rule bill following the 'tinkering' with the education bill by the peers will be followed, neither by dissolution nor resignation, but by the superannuation of the House of Lords. A strong case of this kind would involve grave constitutional changes, but the House of Lords will not be crumpled up like matchwood as some radicals presume on their great majority in the House of Commons are fond of boasting. The fact is that the social rights of the hereditary aristocracy are very strong and the British people prone to respect the social and local influence of ancestral wealth and public activity in the House of Lords. Believing that the education and home rule questions are not likely to arouse the anger of the nation. Still the fact remains that the prime minister is deeply pledged to introduce a home rule bill, and everybody is wondering

### OFF TO KINGSTON

Port Arthur, Nov. 15.—Two Finlanders, Emmanuel Jansen, and Waldemar Jensen, were sentenced this morning to serve seven years each in Kingston penitentiary by Judge O'Leary of the district court which is in session here. The crime for which they will serve time was that of highway robbery with violence, upon Robert Mooney, a resident of Port William, which occurred about two months ago. Mooney was waylaid on the Port William road by three men, one of whom escaped. They severely pummelled him and robbed him of \$60, also threatening his life.

### WANTED IN THE NORTH

Winnipeg, Nov. 16.—Jack Reynolds, colored, was arrested last night by Detective Smith on information received from the Mounted Police at Fort Pelly, where he is wanted on a charge of selling liquor to the Indians. Reynolds is an old timer and two years ago was charged with attempted murder on Powers street, for which he served eighteen months. He leaves for the west in charge of a corporal of the police in the morning.

### MORE HINDOOS.

Victoria, B. C., Nov.—The steamer Tarrar which arrived this morning brought to this province a further contingent of Hindoos. There were about forty of these people and of that number 360 landed here, clad in their cotton raincoat well adapted for a tropical climate. The turbaned throng in spite of the mildness of the weather here looked anything but adapted to the conditions now prevailing.

### AT THE ISTHUS

Bulletin Special.  
Colon, Nov. 15.—President Roosevelt let the flagship Louisiana at 7.30 this morning and landed shortly afterward. He was met by Canada Commissioner Shoolis, Chief Engineer Stevens, General Manager Board of the Panama Railroad and other officials. MANTOBA and Ontario after more land trouble.

### STILL DECLARING DIVIDENDS

Bulletin Special.  
New York, Nov. 15.—The Standard Oil Co. of New Jersey today declared a quarterly dividend of \$10 a share or the same amount as was declared at this time last year. Shortly after the declaration the stock sold off 23 points.

### SKATING ASSOCIATION

A Montreal despatch says: The Skating Association of Canada resigns from the Canadian Amateur Athletic Union. It will join with the Montreal Amateur Athletic Association, and the 25 other associations who will resign, in a new body to form a new body to govern athletics in Canada in future. The resignation of the Skating Association will be a way of separating the C. A. A. U. as the resignation of the M. A. A. A. It was even more on account of the Skating Association than on account of the annual track meet that United States athletic bodies affiliated with the Canadian ones.

Canada's skating races are renowned for the world over, and it is the Canadian Skating Association that has made them so. The world's races and championships which were held here some years ago were among the most famous ever held anywhere, and for years, in addition to the general friendliness between the nations on both sides of the border, there has existed a private arrangement between the Skating Association of Canada and the Skating Association of the

United States to hold their joint championship meets by turn in Montreal and the Verona Lake.

The biggest men in Canada have been the patrons and officers of the Canadian Skating Association, who have been in existence for nearly twenty years at least, and as some of the older members may perhaps remember, has at times saved the Canadian Amateur Athletic Union when the latter was in the throes of dissolution.

### Red Deer News.

Communicated.  
Red Deer, Alta., November 13.—A meeting of the Red Deer curling club was held last night in the Alberta Hotel and the following officers were elected for the coming year: A. T. Stephenson, president; W. L. Oumett, vice-president; and R. B. Wellver, secretary-treasurer. It was decided not to elect any honorary members this year. It is expected that this season will be one of the most successful in the club's history as numerous residents express their intention to become members. There is promise too, of having better ice this year on account of the improvements made to the rink. A crack curler is coming to Alberta in the person of Wm. Hope, Carberry, Man., who will reside in Red Deer. He won the Grand Champions' cup in the Manitoba bonspiel three years ago. A. Scott, manager of the Northern Bank, here, has been offered the position of manager of the 'Edmonton branch' of that institution. We understand that he has accepted, but that the change will not take place immediately. His many friends will be sorry to see him leave Red Deer, but join in congratulating him on getting one of the most important branches of the Northern Bank.

The intermediate hockeyists have decided to hold a meeting this week to re-organize. The feeling appears to be general that it would be a good idea to enter the proposed intermediate league.

E. A. Gordon is making an inspection of the Red Deer branch of the Canadian Bank of Commerce.

J. W. Robinson, of the Great West Lumber Company, returned from Calgary last evening.

There was a busy time in town for a while on Monday night. Just about six o'clock a high wind arose from the northwest and there were things blowing outside at the time say that a funnel shaped cloud passed very low over the town and that the wind came from it. In the space of half a minute boots, blankets, etc., displayed in front of the various stores were flying in all directions. The upper window in the Imperial Bank were also blown in. A few minutes later the alarm of fire was turned in and the brigade made a run to the scene of the fire, which proved luckily to be only a chimney on fire near the Baptist church. On account of the extra power required on the waterworks pump, because of the installing of new machinery the lights were out for the space of 45 minutes. The wind went down almost as quickly as it came up.

Arthur Handford returned from Edmonton yesterday. He is the star point player of the intermediate hockey team. All indications point to an intermediate team that will be able to hold their own with anything in the proposed league.

Geo. Lindsay has resumed his position as C. P. R. agent here.

Invitations are out for a ball at Blackfalds on Friday, the 16th.

Settler is to have a hockey team senior hockey here last year is to play senior hockey last year is to play three and it is probable that Jimmy Watson will play goal for them.

### PORT SASKATCHEWAN

(From the Reporter)  
The new G. T. P. bridge at Clover Bar will provide plenty of work throughout the winter for those who are unable to work at their usual occupation during that time of the year. Quite a few men of the town have found their way there already and more are on the eve of going.

The deer shooting season commenced on the first of this month, and continues until the 15th. So far, as we have heard sport seems to be pretty good this year. Mr. Dave Buchanan went out one afternoon and bagged two. The soft snow ought to make it easy for the sportsman to follow the deer tracks. Messrs. Terrier & Dubuc had a fine young buck in their store last week.

On Wednesday morning Mr. F. Fetherstonhaugh shipped a bunch of 85 steers to Vermilion. He intends putting them on his ranch down there. It is time something was done in the way of getting a stockyard built here. At present when a man wants to ship some cattle he has got to build some temporary stockyard for himself, a fact which keeps many from shipping from the Fort. The board of trade might take the matter up with the C.N.R. and get them to build one as soon as possible.

TENDERS of monthly rental will be received up to noon of the 20th day of November, 1936, for the lease from the Municipality of the Town of St. Albert, of lots one to sixteen inclusive and thirty-six to thirty-nine inclusive in Block eleven, St. Albert, and all the buildings and improvements thereon commonly known as St. Albert Mill. Draft leases showing all terms and conditions (other than amount of monthly rental) may be seen at the office of the Secretary-Treasurer of the Town of St. Albert. The highest or any tender not necessarily accepted. All tenders to be addressed to or left at the office of the Secretary-Treasurer of the Town of St. Albert. (Signed) FELIX PAGE, Secretary-Treasurer, Town of St. Albert.

### A. O. U. W.

Edmonton Lodge No 23  
Meets second Thursday of every month in Houston's Hall.  
Visiting brethren cordially invited.  
W. R. HOWEY, Recorder.

## Coming!

### Learn Dress-Making

In four days, or learn by mail in your spare time at home.

Mr. and Mrs. Wm. Sanders, of the Sanders Dress-Cutting School, Stratford, Ont., Can., will visit this place on dates given at bottom of advertisement, and will show how you can learn to cut, fit and put together everything in dress-making. Course consists of eight lessons which are:

1st Lesson—How to take a correct measure. How to use the Little Ladies' Tailor System to fit anyone.  
By the time you are through with this lesson you will know as much about cutting as if you worked in a shop six months or a year, and gave from \$5.00 to \$25.00 for a system. In this lesson you test the perfect fit of system by making a waist for yourself or friend.  
2nd Lesson—How to cut the different styles in shirt waists.  
3rd Lesson—How to cut the different styles in line waists, by draping, pleating, yokes, revers, boleros, etc., and putting all together. Fitting and particulars to finishing.  
4th Lesson—How to cut by drafts all kinds of yokes, berths, collars, girdles and cuffs.  
5th Lesson—How to cut different kinds of sleeves and put together.  
6th Lesson—Everything about wrappers and Princess dress.  
7th Lesson—How to draft to cut skirts by measurement by using the rule of system only; any kind of skirt, no matter what style, can be more easily cut than by using patterns.  
8th Lesson—Finishing skirts, cutting coats, etc.

A few reasons why it is the best way to learn. (1) Because it costs no more than the making of one dress. (2) It only takes four days personally, or a couple of weeks by mail. (3) The whole family can learn from system and lessons you take home. (4) I have had thirteen years' experience in dress-cutting and teaching. Have taught over six thousand pupils and all were more than satisfied. I guarantee to give \$500 to any one who can't make a perfect fit after they are through—and you don't pay until you are through and are perfectly satisfied. Don't forget to call on Saturday. Future daughters, and ladies who have worked at dressmaking, or apprentices, specially invited.

MRS. WM. SANDERS,  
Inventor and Instructor.

Will be at Yale Hotel, Calgary, from Saturday, November 24th, to December 1st. At Windsor Hotel, Edmonton, from Saturday, December 8th to 16th, showing method of teaching and enrolling pupils. Will be teaching in each place the week following. Don't miss this opportunity if you have any desire to learn dressmaking.

## The Fascinating Tastiness

of Orange Meat simply grows on you. The crisp, toasted flakes—with the unique blending of spicy malt and wheat sugars—take an added deliciousness every time you eat them.

If you want to get all your old-time pleasure out of breakfast and supper, eat Orange Meat.

A lady in Victoria, B.C., writes: "You will see from the coupons I am sending, that we are still using Orange Meat, which the children like very much. They won't eat oatmeal since we started with Orange Meat."

Many new premiums have been added to the already large list of useful and beautiful articles given to users of Orange Meat. Every 15c package contains a coupon good for premiums.

Write for premium list to "Orange Meat, Kingston."

## Orange Meat

CANADA'S CHOICEST CEREAL THE WHOLE WHEAT

is sold by grocers everywhere in 15c and 25c packages. 25c package contains 2½ times as much as 15c size.

## NEGLIGEE COAT SHIRTS

Slip on and off easy as an old coat—hold their looks longer—laundry better—more style and smartness to them. Try this made-right negligee coat shirt and you'll never go back to the over-the-head kind. In all good patterns and right fabrics. Ask for the brand—red label—look for the script letters.

## WORLD'S MARKETS

Reported By Canadian Stock and Grain Co.

(Reported by Canadian Stock and Grain Co., Gariepy Block, Edmonton.)

### Bulletin Special.

Liverpool cables came 1-4 to 3-8 higher yesterday morning. Our market opened 1-2 cent up and there was some what of a rally in the top figure. The offerings carried the market off gradually and it closed at about yesterday's closing figures. There is apparently no question but what there is real merit in the advance we have had in wheat, there is undoubtedly a great deal of covering by shorts, but the market is in such a condition that it responds very readily to the wishes of the big holders and they are able to swing it sharply. Watch the situation very carefully and be careful not to rush in on the long side after these big upward swings. You cannot well afford to buy the December wheat and justified in holding for a good profit unless you are prepared to take delivery and as the May option has the advantage of several months in which to carry it, it is certainly the most feasible plan to buy May. The grain market is becoming a good big broad affair and now affords excellent opportunities for both the quick trader and the investor, but we would prefer to buy only on the quick dips which we get from time to time

in this as in nearly all bull markets. The holders of May wheat are the ones who are going to get the greatest profits in our opinion. There is some short selling by elevator interests against purchases of cash grain. The Winnipeg market does not show much tendency to fluctuate, but rather to follow Liverpool market. The Minneapolis and Chicago markets are at present the most active.

### STOCK.

New York.—After opening steady at about Thursday's closing figures the market advanced sharply when some good profit taking came in and the market closed at a slight reaction market became quite active and during the first two hours the from the highest figures of the day. We advised you to buy such stocks as Am. Corp., N.Y.C., etc., a few days ago and as you will see by comparing today's prices with those of a few days ago that they have all had good advances, and those who followed our advice were enabled to secure good profits today. Money is easier now, ruling around 6 per cent, and a feeling of confidence in this respect prevails, especially in London, where it is expected that the Bank of England will be reduced. This is bringing in some excellent investment buying on all dips and this buying is certain to increase, especially in the international issues. Total sales \$55,500 shares.

## News from North Battleford

North Battleford, Sask., Nov. 16.—Mr. Kenally, proprietor of the Clarendon hotel, purposes installing an electric system throughout his hotel and will, it is rumored, also supply light to the Imperial bank and several stores.

Mr. I. Edwards, late of the staff of the Imperial bank, Edmonton, has been transferred to their branch at this point.

It is rumored that a non-sectarian public hospital will be erected here in the near future.

Miss McLeod has accepted a position as stenographer to Mr. Jas. Abbott, superintendent of the C. N. R.

Mr. R. W. Hurlbut, late editor of the News, left on Thursday for an extended trip through British Columbia. He will spend some days in Edmonton.

Mr. Abbott, superintendent of the C. N. R., left on the westbound train today on a trip of inspection. He will go through to Edmonton.

Winter seems to have set in in earnest, judging by the severe storm which visited this vicinity during the last twenty-four hours. The intense cold and heavy wind makes out of door work almost an impossibility and has delayed traffic on the C. N. R. considerably.

## Vermilion Notes.

Vermilion, Nov. 16.—Dr. West, dentist, left on tonight's train for the Capital where he will meet Mrs. West and then return to Vermilion with her.

Mr. and Mrs. Harry Bowtell are now settled in their new home on First street south.

Mr. W. A. S. Colter, townsite manager for the C.N.R. was in town today looking after the interests of his company.
